Updates over the last few years include Air Conditioning, metal roof, gravel landscaping to expand parking, a dugout, new septic tank, natural gas back up generator and a trail around the perimeter! This spacious home features a large living area, dining and kitchen area with lots of windows and vaulted ceilings. Just down the hall is the huge master bedroom with deck access that also features a huge master ensuite with a separate shower and soaker tub. There are 4 more bedrooms and a full bathroom. Most of the home is finished with vinyl plank flooring and there is no carpet! A big family will be perfect as with hot water on demand you can shower as long as you like! Outside you will find a large grassy yard that could be fenced for horses. There is a single heated detached garage with power and an older barn that could be fixed up to use with animals. Behind the home is a massive deck facing the incredible treed private field. This acreage also has a great water well that when tested a couple years ago and had an amazing 7 gallons per minute (see well report in brochure)!
